

PIÙ SPAZIO

Il divano è spesso un elemento irrinunciabile nelle nostre case, ma se dovete arredare un salotto piccolo può essere una buona idea anche sostituirlo (almeno in parte) con delle poltroncine: sono più versatili e più facili da spostare nelle occasioni in cui dovete rivoluzionare lo spazio, ad esempio per una cena con molti ospiti.

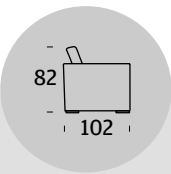

MORE ROOM
The sofa is often an essential element in our homes, but if you have to decorate a small living room, it can be a good idea to replace it (at least in part) with armchairs: they are more versatile and easier to move on those occasions when you need to revolutionize the space, such as a dinner with many guests.

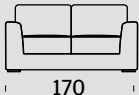

PLUS D'ESPACE
Le canapé est souvent un élément essentiel dans nos maisons, mais si vous devez meubler un salon de petite taille, le remplacer par des fauteuils (au moins en partie) peut s'avérer une bonne idée : ils sont plus polyvalents et plus faciles à déplacer durant les occasions impliquant de révolutionner l'espace, par exemple lors d'un dîner avec de nombreux invités.

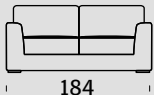

Il tempo che ti piace buttare, non è buttato.
Time you enjoy wasting, was not wasted.
Le temps que vous aimez perdre n'est pas du temps perdu.
John Lennon

Struttura e molleggio
Realizzata con masselli portanti in legno di abete massiccio di vari spessori, parti di tamponamento in fibra grezza e/o compensato. Fianchi in agglomerato di legno da 18 mm. Fibra grezza e agglomerato di legno in classe E1, pertanto a bassa emissione di formaldeide. Il tutto rivestito con vellutino 100% poliamide termocoppato ad espanso e/o ovatta in fibra di poliestere 100%. Molleggio realizzato con nastri elastici da 80 mm tesi meccanicamente e distanziati di circa 25 mm, composti da fili di gomma ricoperti da filo di nylon avvolto a spirale.

Imbottitura e piede
Cuscino seduta in espanso indeformabile D. SR35, rivestito in falda di poliestere 100% da 300 g termofissato. Schienale D16 morbido indeformabile rivestito in falda termofissata da 300 g con annegato nell'espanso pannello di fibra di legno a sostenere la parte alta del cuscino schiena. Elementi di tamponamento bracciolo e telaio in D30 indeformabile. Piede in legno massello tinto wengé con profilo in finitura cromo.

Structure and springing
Made with bearing parts made of solid fir wood, with various thicknesses, reinforcement parts made of rough fibre and/or plywood. Sides made of agglomerated chips with 18 mm thickness. Rough fibre and agglomerated chips of the E1 Class, and thus with low formaldehyde emission. The whole is covered in 100% polyamide velveteen thermocoupled to foam and/or wadding in 100% polyester fibre. Springing made of mechanically tightened elastic bands with 80mm thickness, with 25 cm of distance between one another, composed of rubber threads covered with nylon thread, coiled up in a spiral.

Upholstery and Foot
Seating pillow in D indeformable foam SR35, covered in 100% polyester lap, with 300 gr weight, thermofixed. D16 back, soft and indeformable, covered in thermofixed lap with 300 gr weight, embedded in foam, panel made of wood fibre that sustains the upper part of the back pillow. Reinforcing elements for the arm and frame with D30, indeformable. Foot made of wengé dyed heartwood with chrome finishes.

Structure et suspension
Réalisée avec des duramens portants en bois de sapin massif de plusieurs épaisseurs, parties de fileurs en fibre brute et/ou contreplaqué. Côtés en bois aggloméré de 18 mm. Fibre brute et bois aggloméré de classe E1, donc à basse émission de formaldéhyde. Le tout est revêtu de velours 100% polyamide associé thermiquement à l'expansé et/ou ouate en fibres de polyester 100%. Suspension réalisée avec des bandes élastiques de 80 mm, tendues mécaniquement et à une distance d'environ 22 mm, composées de fils de caoutchouc recouverts de fil de nylon enroulé en spirale.

Rembourrage et pieds
Coussin de l'assise en expansé indeformable D. SR35, revêtu de voile de polyester 100% de 300 g fixé thermiquement. Dossier D16 moelleux indeformable revêtu de voile de polyester de 300 g avec, plongé dans l'expansé, un panneau en fibre de bois pour soutenir la partie haute du coussin pour le dos. Éléments fileurs, accoudoir et cadre en D30 indeformable. Pied En bois massif peint wengé avec profil en finition chrome.
